# A LEGACY OF EXCELLENCE

The Indo Continental Trade & Entrepreneurship Council (ICTEP) is ushering in a new era of global commerce and innovation, serving as a powerful catalyst for transformative growth. From the visionary insights of motivator Balakrishna Panicker, who inspires a shift from job-seeking to high-impact job creation, to the signing of a landmark Memorandum of Understanding with the BC-India Business Network, ICTEP is bridging the gap between local ambition and international opportunity. By blending these strategic global alliances with high-level workshops on the cutting edge of digital advertising and marketing, the Council empowers decision-makers to navigate the evolving consumer landscape with precision. At ICTEP, we are not just witnessing the future of entrepreneurship; we are actively architecting it through a sophisticated fusion of cultural synergy, competitive strategy, and an unwavering entrepreneurial spirit.

From packed halls to standing ovations, the Tusker National Awards has rapidly evolved into one of India's most respected platforms for recognizing brilliance across industries.

After two power-packed editions in Calicut and Thiruvananthapuram—graced by eminent leaders, ministers, and national icons—the stage is now set to go bigger, bolder, and more impactful.

**This is not just an awards night. This is where stories of ambition, innovation, and leadership take center stage.**

**Kochi – Where Ambition Meets Opportunity**  
**Dynamic. Diverse. Driven.**

Kochi isn't just a city—it's a thriving ecosystem of business, culture, and global connectivity. As Kerala's commercial powerhouse, it perfectly mirrors the spirit of the Tusker Awards: growth, innovation, and excellence.

Tusker 2026 arrives in Kochi—where leaders are celebrated and legacies are built.

**Date: 06-06-2025 (Saturday)**  
**Venue: Crown Plaza, Kochi**

## **TUSKER AWARDS: Celebrating Vision & Impact**

These awards stand as a beacon of excellence, innovation, and leadership—a tribute to those redefining the landscape of modern industry and social progress. From the cutting edge of technology to the heart of social development, we celebrate the architects of change who bridge the gap between visionary thinking and measurable impact.

We don't just honor success; we honor the legacy of contribution that moves both industry and society forward.

### **A Hierarchy of Excellence**

To ensure every achievement receives the spotlight it deserves, our categories are meticulously curated into specialized sub-sectors. Within each, we bestow a tiered distinction of prestige:

**Gold:** The pinnacle of mastery and industry-defining leadership.

**Silver:** Exceptional execution and outstanding innovation.

**Bronze:** Commendable success and a proven trajectory of excellence.

This three-tiered framework ensures that the pursuit of greatness is recognized at every milestone, fostering a global community of high achievers and transformative thinkers.
